Read me

For Assignment 2 ease of execution:

- No Python terminal starting a local server needed
- Provided .CSV datafile is embedded within the .html file

To run: download & double click -> **MEvan_Assign2_.html**

Bonus attributes:

- Animated chart lines on launch
- Colored Webpage background
- Mouseover with animated popup for monthly chart data
- Interactive legend: click on attributes to toggle on/off line chart
- Animated "glow line" between line chart and CSV chart
- Download button to download the new .CSV with calculations as shown
